www.MarcyLivestock.com

Hello Folks,

Welcome to our 63rd Annual Bull & Female sale. We feel we have a great set of bulls and females selling this year and really appreciate your interest in this offering. We love breeding the good ones. That is our biggest satisfaction.

We have a disciplined breeding program that is not about following the fads or chasing numbers but produces the best quality cattle for a real world environment. We hope you like these deep volume, good footed, gentle, heavy muscled cattle and appreciate the chance to earn your business.

The female is always on our mind when we select genetics and we strive to have a cowherd second to none. Fertility, foot quality, udders and a good disposition are a must. Top quality maternal Angus with muscle will always be the goal of our program. Those deep, easy doing cows keep us in business too.

The bulls are developed like athletes on a pasture to help keep them sound on their feet & legs while eating a concentrated grain ration and free choice grass hay. We breed long, thick, stout bulls with muscle, good feet, scrotal development, plus docility so the animals can be handled easily.

Thank you so much for considering our cattle and please join us for lunch at 11 am on sale day. The bulls will be at Gordon Livestock from Monday, January 22 on for your evaluation. As always, yearlings are available for viewing at the ranch 35 miles southwest of Chadron. 2-year-old bulls are being developed at Hamilton Valley Ranch south of Gordon.

We look forward to seeing you on January 25th in Gordon at the Sale! Call anytime if we can be of assistance in any recommendations or contact Northern Livestock Video if you would like to bid online.

George and Andrea Marcy & Family

**\$200/hd deducted
from the sale price
on yearling bulls
for feed costs if you
pick them up or
have them delivered
immediately from
the sale site.**

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!

Desktop and Mobile Friendly

For the Desktop

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application.
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

For the Mobile

Use your mobile device to download the Northern App and follow the above steps to get approved.

There is an instructional video on how to register to bid on our website,
www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

Phone Bidding

Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

To register with NLVA call 866-616-5035 Before Sale Day.

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com

Northern Livestock's Sale Day Bid Line: **1-406-245-0889.**

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Videos of the bulls will be available for viewing prior to the sale on www.northernlivestockvideo.com

MARCY LIVESTOCK

SALE TIME

12:30 p.m. MST

LUNCH

Complimentary lunch at 11 a.m.

INSPECTION

Cattle are available anytime at the ranch and will be in Gordon from January 22 thru the sale.

ACCOMMODATIONS

Please call if you wish us to reserve a room. There are a couple of motels in Gordon:

Jeffco Inn 308-282-2935

Western Sand Motel 308-282-1795

There are many nice motels available in Valentine, Neb. (90 miles east) and Chadron, Neb. (48 miles west) if you are coming to the sale. We encourage you to reserve your rooms early.

DELIVERY

Free delivery on bulls to a central point within a radius of 500 miles. Free up to 800 miles on purchases of \$7,500 or more. Arrangements can be made for assistance with further distances if Marcy Livestock is contacted ahead of time. To limit the stress and time that bulls are on the trailer, if a load has multiple owners, bulls will be delivered to a central point. Deduct \$50/hd. from purchase price if you haul yourself. ***Delivery does not include females; we will help to line up trucking on your female purchases.***

WINTERING

Free on yearlings until we begin delivery mid March. With calving and breeding, we need to start delivering bulls during that time period and early April. If you take your yearlings sale day or we deliver immediately, \$200/head is deducted from sale price for feed cost and an additional \$50/head is deducted if you haul yourself. ***Two-year-old and fall bulls must be picked up or will be delivered immediately following the sale.***

SALE DAY WEIGHT

All bull weights will be listed on a supplement sheet that will include their actual weight the week of the sale. Updated sale information will be posted on www.marcylivestock.com, as well as on www.northernlivestockvideo.com.

***Announcements from the block
will take precedence over
information in this catalog.***

HERD HEALTH

All cattle sell with proper health papers for interstate shipment. A rigid herd health program is followed. All bulls used for natural service have been tested clean for trich. See more on Bull development protocol on page 3.

TERMS AND CONDITIONS

Cattle will sell under the suggested Terms and Conditions of the American Angus Association. Any updates will be available on sale day.

GUARANTEE

All bulls selling for \$4,000 or more will be covered 50% by Marcy Livestock if they are injured during their first breeding season. Breeding season is defined as the 60-day period following the first turnout of the bulls.

All bulls selling for \$4,000 or more will be given 50% of the value of the injured bull, minus any salvage value, as credit in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. A copy of the sales receipt must be received by Marcy Livestock to receive proper credit. All claims must be made by Sept. 1, 2023.

Example 1: A \$6,000 bull is injured and will not heal. A credit of \$3,000 minus any salvage value will be given to the buyer.

Example 2: A \$4,000 bull is injured and will not heal. A credit of \$2,000 minus any salvage value will be given to the buyer.

Example 3: A \$3,500 bull is injured and will not heal. No credit is given. Buyer retains all salvage value.

This is not a mortality Policy. If you want mortality insurance, please contact Lashea Bickel listed below

INSURANCE

Should you want your animals insured, mortality insurance will be available sale day through Dakota Ag Insurance, Lashea Bickel 605/530-0872. Six month mortality plus loss of use. 1 year mortality plus loss of use.

CALVING EASE

Due to the differences in what our customers appear to want in heifer bulls, we use the following scoring system for Calving Ease

★★★ Indicates a bull that we think should be extremely easy calving for anyone.

★ For those of you who want a little more horsepower on your heifers, we have marked with one ★ the bulls we think can work for you in this way on larger-framed heifers.

Catalog Creation & Production

RON FRYE MARKETING

406.600.7514

Welcome to the 63rd Annual Marcy Livestock Sale. It is my pleasure to work with one of the most highly regarded herds in the Angus Breed. The Marcy brand is synonymous with high-quality Angus cattle—a cow herd built on the fundamentals that have made the Angus Breed the commercial cattleman's choice for decades. By concentrating on basic principles such as structure, foot quality, docility, and longevity, you

have the bedrock of the Marcy herd. Add to that a performance-tested program that allows the best females to continue growing the herd, and a strong culling practice takes care of the lower end of the females.

I have long held admiration for the Marcy Livestock program due to its unwavering commitment to the commercial ranching community. Acknowledging the crucial role that a purebred breeder plays in the beef cattle industry; the Marcy program prioritizes the hardworking rancher over passing fads or genetics that they do not deem beneficial for the industry in the long run.

The females available in this year's sale reflect the Marcy family's years of dedicated breeding aimed at upholding core values cherished since the program's inception. In an era where it's tempting to pursue the latest genetics hailed as a breed's salvation, the Marcy program stands firm in its preference for proven genetics that guarantee customer satisfaction. Rather than relying on external endorsements, they prioritize the assurance that comes with genetics they confidently attach their prefix to.

If you have a need to add some high-quality Angus females to your operation, you won't be disappointed in this high-quality offering. Your investment in a Marcy female will pay dividends, based on the history of this cowherd. Females that last make the most money, and this herd has proven that repeatedly.

If you have any questions about the bulls or females in this offering, it would be my pleasure to take some time and visit with you about them.

Ron Frye | 406-600-7514 | ronfryemarketing@gmail.com

M A R K E T I N G
406.600.7514

HERD HEALTH PROTOCOL

BIRTH

Calves are tagged, weighed & given Alpha 7 (7-way Blackleg) & Multi-Min

BRANDING

Calves are given Vista once. (IBR/BVD/BRSV/)

PRECONDITIONING

Calves are given Vista Once SQ,(IBR/BVD/BRSV) Foot rot vaccine for bull calves.

WEANING

Vista 5 SQ (IMR/BVD/BRSV, 7-way Blackleg),
Booster Foot rot booster for bulls & Panacur wormer

Weaning weights are recorded. Bulls are fence-line weaned & fed in a pasture on a program which allows the bulls to express their genetic potential but at the same time keeping them in range condition and not melting. This program grows the bulls at a slow and consistent pace that develops an athletic and muscular bull. In short, they are developed like athletes, not fat cattle.

DECEMBER & JANUARY

Yearling weights are taken. Bulls are lot tagged, fertility tested and scrotal measurements on bulls. Any bulls too young to test will sell & be guaranteed to pass a fertility test before turnout.

Bulls are freeze branded for buyer convenience & poured with cleanup.

BRED FEMALES

Follow the same vaccination program and have been vaccinated for Scour Guard, Plus pre-breeding vaccinations. All females will be tested for pregnancy again at the sale site to confirm your purchase is pregnant.

Marcys Erica 393

Pathfinder Dam of Marcys Scale Crusher

- Scale Crusher had sired the top selling sire group for 7 consecutive years at Marcys before he burst on the national scene giving an incredible return on his investment when used in nationally prominent herds. At SAV Angus in 2021 his 1st 23 sons sold for an average of \$34,304 & 5 daughters averaged \$17,550. In 2023 they had two Scale Crusher sons that brought \$50,000 each.
- At Hinman Angus in Montana he produced the top selling bull at \$30,000 & at Green Mountain Angus in MT 8 sons averaged over \$12,000.
- His full sister, Marcys Erica 337 became the all-time record-selling cow in the more than seventy-five year history of the Marcy Angus program when she topped the 2021 Marcy Female Sale at \$65,000 as the featured Lot 1 cow to Voss Angus of Iowa.
- Scale Crusher is a performance powerhouse bull that sires long bodied wide hipped cattle that work in every aspect. A breed leader in performance - top 20%. Top 2% foot quality angle, docility top 15 %, top 10% REA and very high libido sons.

Backed by the time-tested heritage oaf one of the oldest cow families developed by Marcy Angus, and with a pedigree stacked with proven Pathfinder Sires, the maternal depth of his pedigree is unparalleled. Moderate Birth weight, explosive growth, along with high fertility, outstanding docility, foot quality, & carcass traits.

- Scale Crusher sons are long bodied, big hipped bulls with a wide top & big ribeye that are extremely functional in the pasture. Great feet and big scrotals they will herd cows like a bull elk. His sons in the sale are the result of embryo transplant with some of our most proven, productive cows that have prolific maternal traits.

QUALITY MATERNAL ANGUS WITH MUSCLE

Marcys Pride 487

The 3rd high selling female in our 2021 female sale to Bluffside Angus.

Phenotypically she has a perfect udder, feet, and the wide based, easy doing feminine body type to excel in our environment.

She is the donor dam of Lot 1

- Out of one of the best ET flushes we have had, this bull had 7 full brothers sell a year ago. He was the choice to be retained as a junior herd sire for his maternal value and cow family strength for generations.
- Recommended for large framed heifers or cows.
- Used as a junior herd sire on both heifers and cows in our registered program.
- His exceptional donor dam was the 3rd high selling female in our 2021 cow sale to Bluffside Angus in NE.
- His beautiful pathfinder dam balances a progeny BWR of 96 with a progeny weaning ratio of 104 on six natural calves and a progeny IMF ratio of 127 on three natural calves.

Marcys-Scale-Crusher-29

Top selling Scale Crusher son at \$35,000 in last year's sale to Green Mountain Angus, Bobcat Angus, Wilson Angus and Botts Family Angus.

6

With our breeding program we are constantly progressing to elevate the top genetics of our cowherd through embryo transplant. These ET bulls, while raised on surrogate dams, come from our most proven superior cows. They are proven genetics generation after generation based on actual data in production, not hype or guess.

• FOR REFERENCE ONLY.

- Reloaded is a calving ease sire of Scale Crusher that is siring tremendous muscle, thickness, fleshing ability and type in a moderated framed package.
- A full brother in blood to Marcy Scale Breaker N Plus, these bulls pack a wallop in extra rib, fleshing ability, and base width that is extremely pleasing to the eye.
- His progeny are a really expressive in volume, top of loin and rear quarter.
- A breed leader in the top 15% of the breed for calving ease & top 3% for exceptional foot structure.
- He is out of a the pathfinder dam Marcys Treasure 227 owned with Trent Boner of M Diamond Angus in WY.
- His 1st daughters will calve this spring.
- He sold to Elston Lone Tree Angus in ND and Botts Family Angus in MT and reports on his calves are exceptional in those herds as well.

Marcys Scale Breaker N Plus

A full brother to Reloaded
owned with M Diamond Angus in WY.
Several N Plus females have some of the best bulls in this sale.

These coming 2-year-old bulls by Reloaded allow the opportunity for customers that desire an older bull, that will really cover some country and offer genetics from one of the best Scale Crusher sons we have raised. Easy doing, wide based cattle that have that extra body width and dimension with great feet & legs. They should make superb cows.

- FOR REFERENCE ONLY.
- A wonderful sire group Flagstone does a lot right that fits our environment. A very consistent breeding bull.
- He ranks in the top 1% of the breed for foot structure, docility, and in the top 10% of the breed for end product values. More importantly he combines a type & kind that will work with big scrotal measurement and superb consistency.
- We continue to be very high on the progeny we are seeing from this bull. His dam is one of the most known cows in the Angus breed and daughters fit the maternal demands of our environment. Docile cattle that excel.
- The top selling sire group for many years, at Green Mountain Angus in MT, they are very popular with the commercial cattlemen in that dry country by the Musselshell.
- In our belief, one of the really overlooked sires of the breed that is proving his worth with his progeny

Baldrige Isabel Y69

Y69 is one of the most recognized and influential cows of the Angus breed.

Used as a junior herd sire on cows.

*Flagstone's sire group is impressive.
Big stout cattle with a strong top, big scrotal,
great feet and docility. Maternal Angus with
the muscle to fit our program.*

*His progeny rank in the top 1 % of the breed
for docility, marbling and foot structure.*

One of the more intriguing bulls we have raised in recent years the bull is a beast in a moderate framed package. Superb muscle and base width with exceptional fleshing ability. Wide & deep from end to end he should be a sale day favorite.

Feet & leg structure ranks in the top 4% of the breed on his projections following traits his sire excels in.

- FOR REFERENCE ONLY.
- Leased by Beef 360
- Wrangler is one of the really good calving ease bulls of the breed with extra muscle, type & kind with feet & leg structure and docility in the top 1% of the breed as well as extremely low PAP for high altitude ranchers.
- He exhibits tremendous muscle shape, power and structural correctness in a moderate framed package along with that extra length of hip and a big wide loin. These cattle will stand the test of time in this country.

U2 Erelite 109Z

Dam of U-2 Coalition 206C
 Owned by M Diamond Angus, and Stickler Ranch South

Good udders with
 small teats are an
 important economic trait

QUALITY MATERNAL ANGUS WITH MUSCLE

Wrangler sires impressive type & kind in a great package for cowmen that appreciate deep, easy doing cattle.

A long bodied, long hipped, moderate framed bull, his first daughters in production look exceptional. A foundation sire if you want a base for great females.

• FOR REFERENCE ONLY.

- Marcys Smooth Bore 030 is a long bodied, super structured scamp out of the Pathfinder dam Marcy Erica 221 that records a progeny birth ratio of 98 with progeny weaning and yearling ratios of 105 and 107 respectfully on 5 calves. She is the 4th generation of donor cows to stack generation for generation of great females with top quality udders and soundness in this herd sire.
- The top IMF bull ever measured by Sandhills Ultrasound with an IMF score of 10.09.
- New blood for most people he should calve easily and add the type & kind desirable.

Marcys Erica 01

Dam of lot 56 & a full sister to Marcys Smooth Bore,
We believe the maternal traits out of Smooth Bore will be
exceptional with the foundation of genetics stacked behind him.
His 1st daughters calve this spring.

Marcys Erica 221

Marcys Erica 221 was purchased as an ET donor by Kevin Hebbert
in our 2018 Mature Cow Herd Dispersion & will leave a wonderful
legacy for us & him both with her outstanding maternal progeny.

QUALITY MATERNAL ANGUS WITH MUSCLE

We have found over many years that long-bodied smooth bulls with great maternal traits fit the phenotype on many people breeding heifers.

Smooth Bore is proving to be that kind of a bull. With 4 generations of high producing ET donors in his pedigree we anticipate strong maternal power with a top end product value on his progeny.

- FOR REFERENCE ONLY.
- The \$17,500 top selling bull of the Marcy Livestock 2022 sale to Weber Angus, Full Bore is living up to his name. His first calf crop was the heaviest weaning sire group this year.
- A dominating sire of power, performance & mass, his progeny really have that extra rib, mass, bone and muscle definition.
- With extra base width and body, these bulls have that extra rugged-built stock bull power to excel in the pasture & his EPDs indicate he will be in the top 20% for end product value.
- His dam is one of the most prolific we have produced in a time tested program. Erica 337 records 6@108 WR on her progeny. She was the top selling cow in the Marcy Ranch history at \$65,000 to Voss Angus where she is part of their select donor pen for the future of their program.

- FOR REFERENCE ONLY.
- The Vermilion herd sire purchased for \$82,500 as the featured Lot 1 bull at the 2022 SAV Sale.
- Glory Days was selected for our program for his maternal strength and high quality udders of the America bloodline.
- His 1st sons are deep bodied, easy fleshing long bodied bulls. Super phenotype on these "Cowboy Kind" bulls he is a perfect example of phenotype trumping extreme #s for progeny that will work on grass and leave high powered feeding cattle.
- His dam is one of the exceptional cows in the breed and records 8@107 on WR plus 113 on IMF & 102 REA ratios. Beautiful body type and kind for ranchers that want a female left behind that will work.

QUALITY MATERNAL ANGUS WITH MUSCLE

Body mass, muscle, thickness, and volume with that extra base width and dimension produce females that work for us in dry cow country. Cows with proven volume and fleshing ability have proven their worth time after time by producing brood cows that stay in the herd year after year. Phenotype always rules in a real-world environment.

These Tahoe sons are the type of bull that people are always seeking. Cattle with extra dimension and performance that can work on heifers and as they get older, be powerful and good enough to use on cows without giving up dollars on the scale.

Marcys Erica 337

The outstanding dam of bulls 79-84, records a progeny weaning ratio of 108 on six natural calves. She produced the second top-selling bull of the 2017 Marcy Sale as well as the top selling bull of the 2022 sale, Marcys Full Bore, who sold to Weber Angus in NE and recorded the highest ratioing weaning sire group on the ranch this year.. She has the distinction of being a full sister to the one-of-a-kind proven sire Marcys Scale Crusher who sired the top-selling sire group in Marcy's annual production sales for eight consecutive years as well as the record-selling sire group of the entire 2021 sale season. The Pathfinder grandam balanced a progeny birth ratio of 93 with a progeny weaning ratio of 108 on ten natural calves, backed by one of the oldest and most prolific cow families in the Marcy herd.

• FOR REFERENCE ONLY.

- Square B Atlantis captured our eye as an extremely balanced bull with a very complete phenotype out of a great cow that was known for top quality udders.
- Atlantis sires early, accelerated growth with moderate size & super type & kind. His progeny exhibit incredible base width, tremendous muscle, outstanding depth and rib shape.
- Very special progeny sell in this sale including 4 sons and a superb bred heifer.
- Atlantis produced on or out top ET flushes in our 2023 sale with an outstanding herd bull prospect that sold to Lisco Angus in WY

Recommended for large frame heifers and cows.

Marcys Renovation 3117 is a full brother to last year's 2nd high selling bull. A headliner in the pasture all summer, he has the shape, muscle and power to make an impact in the breed with his dominating phenotype & maternal pedigree.

He ranks near the top of the breed on foot quality.

SAV Renovation sires tremendous type & kind.

Retaining the first 200 Straws on this young herd sire & the right to purchase certificates at cost. Full interest & full possession sells.

QUALITY MATERNAL ANGUS WITH MUSCLE

LOTS 91-92

Two outstanding ET Bred heifers sired by the proven industry icon Marcys Scale Crusher with one our most proven & productive cows. Scale Crusher captivated the Angus world in 2021 at SAV, 23 sons averaged \$3,404 and five females average \$17,550. These valuable females are out of an ET donor that records nine calves at 9 @ 106 WR and a 7 @ 103 YR. Three full sisters are retained in the herd from this mating. Potential ET donors in these heifers.

Marcys-Erica-337

Marcys Erica 337's son, Marcys Full Bore, is having a big impact in our herd. A massive powerful bull, his sons were our top weaning sire group this year. He is a breeding machine in the pasture and his progeny have that extra rib, length & muscle to really stand out. Lots of bone and muscle in his powerful phenotype combined with breed leading maternal genetics, His dam is the top selling female produced in the 75-year history of our program.

 Bred to calve approximately February 15th to breeding group A.

These bred heifers have been handled right with the females that we are keeping. They are only sorted by calving date which allows the buyer to attain some of our very best genetics. Our reward for offering these types of females is them working well in other herds. It has been very gratifying to see the success other seedstock producers have had with our cattle.

BRED FEMALES

A stand out heifer in anyone's pen, she exemplifies why we like the Flagstone cattle so well.

Deep long and powerful in genetic phenotype this is an impressive brood cow. I observed Flagstones 1st daughters in production this year in Montana and they are impressive, long bodied, easy doing, extremely well made & docile with good mothering ability.
